PBF actit was that there was an adequate system of internal controls implace, with no reportable risks identified

Regaring the results of the Preminence Data Integrity Aurit, Ms. Kalil stated that it was concluded that an adequate system of internal controls was implace over all 12 metrics. Two medium priority risks were identified but dispite those risks there was no impact on the overall status of each of the metrics, and USF did meet its preminent metrics. Both risks identified related to control supporting the National Science Foundation, Higher Education Research and Development Survey (Herd Survey). Ms. Kalil stated that management's actions related to both risks identified are improgress.
