

USF Controller's Office FAST Security Role Access

Philosophy:

In accordance with effective internal control procedures, established accounting processes, University regulations and to establish clear separation of duties, the following guidelines are applied to help

review and approval of FAST access

by: -By e-mail to the FAST Security Request including your personal information you need.

*Have your accountable officer (AO) approve the form (approval must be sent from their USF email account). Note: The form must be approved by an accountable officer designee; only the actual accountable officer can approve the request.

*The request form will be reviewed/approved by representative of the department associated with the requested roles, then forwarded to IT Security.

Resources

Find the FAST Security Access request form on the [UCO web site](#).
