NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets: Capital assets are stated at cost. Depreciation on buildings is computed using the straight-line method over an estimated useful life of the asset. The useful lives of the asset are as follows:

Buildings	-	20 to 40 years
Furniture, fixtures and equipment	-	5 to 15 years
Vehicles	-	10 years
Software	-	5 years

When assets are retired or otherwise disposed of, the costs and related accumulated depreciation are removed from the accounts and any resulting gain or loss is reflected in the results from operations in the period of disposal. Net interest costs are capitalized during the construction period.

Revenue Recognition:

Investment Income: Interest on investments is recorded as income when earned.

Sales and Services: Revenue is derived from the student transportation access fee assessed on a per credit-hour basis, faculty/staff and student permit sales, citations visitor vending/meter collections, and other miscellaneous income such as advertising revenues and charter fees. Revenue is recognized when earned.

Compensated Absences Liability: Employees earn the right to be compensated during absences for annual leave (vacation) and sick leave pursuant to the Florida Administrative Code, and to bargaining agreements between the State of Florida and the United Faculty of Florida.

Leave earned is accrued to the credit of the employee and records are kept on each employee's unpaid (unused) leave balances. GASB Statement No. 16, Accounting for Compensated Absences, requires that the University accrue a liability for employees' rights to receive compensation for future absences when certain conditions are met. At June 30, 2019 and 2018, the estimated liability for annual and sick leave was \$277,105 and \$269,269, respectively.

Allowance for doubtful receivables: Accounts Receivable was calculated by aging the accounts over one year as doubtful. Immaterial amounts from accrued receivables are not recognized in these financial reports.

NOTE 3 – INVESTMENTS

Pursuant to Section 218.415(16), Florida Statutes, the University is authorized to invest in the Local Government Surplus Funds Trust Fund investment pool; interest-bearing time deposits and savings accounts in qualified public depositories; direct obligations of the US Treasury; obligations of Federal agencies; securities of, or interests in, certain open-end or closed-end management type investment companies; SEC registered money market funds; and other investments approved by the University's Board of Trustees.
