Things to Keep in Mind When Making Reservations

- PLEASE NOTE: The MSC Events Team need time in between events to break down the first events setup and set the room for the next event.
- We require 15 minutes of flip time between our stock setup meetings and a minimum of 90 minutes between all other events.
- NOTE: The MSC Ballroom requires 2 hours of setup time in between events!
- If you do not leave flip time between reservations, the MSC reserves the right to adjust your reservation times accordingly.

- Reminder, the red lines are the times

When making reservations in the Ballroom, we require a minimum of two (2) hours of flip time between events so our staff has enough time to reconfigure the room.

The MSC Ballroom is divided into 3 sections.

PLEASE NOTE: We do not allow events to be reserved in sections next to each other.

In this image, Ballroom A and Ballroom C are each being used for events, so Ballroom B would not be available to reserve.
